Welcome to Kansas eLicensing!

For First time users:
who are certified Kansas Attendants, you will need to claim your account clicking on **Forgot Username** and then using **Lookup** to enter your account. Follow the process and make sure to update all information on the demographics section. It is important to keep that updated at all times so that you will receive information in a timely manner. From here you will be able to manage your personal account, making applications for renewal or an initial course and the ability to track your recertification hours. *****You will want to enter in your **zip code first** and select "Lookup" this will fill in your city, county and state. [Current attendant login tutorial](#)

who are not certified or have never been certified, you will need to begin by **creating an account** (blue button below) *****You will want to enter in your **zip code first** and select "Lookup" this will fill in your city, county and state.

Returning Users... Login to your account!
*****REMEMBER, Your Username is your EMS Attendant number issued to you by the Kansas Board of EMS. You do not need to enter in the zero's preceding your actual numbers
